

An Urgent Message From Cindy Fox, CEO
Á **COVID-19 protocol for meal service**

Dear Columbus House Volunteer,

As the situation with COVID-19 evolves, we continue to adapt to ensure everyone's safety. In light of the Governor's executive orders today, Columbus House has decided to suspend volunteer activities starting Monday, March 16th.

If you are scheduled for meal service at our Wallingford Emergency Shelter, New Haven Shelter or Men's Overflow Shelter in New Haven – we still need your help!!

Here are some options:

- Drop off un-prepared and un-cooked food and our kitchen staff can prepare and serve it
- Make a [financial contribution](#) that can help cover the cost of a meal

Please contact Sheree, Volunteer Coordinator, at 203-401-4400 x138 to coordinate food donations.

We will closely monitor communications from the CDC, Office of the Governor and our partners while we continue to provide the cleanest environment in all of our facilities for the safety of all.

We appreciate your ongoing assistance and support and thank you for your commitment to our mission as we navigate through these uncertain times. You are invaluable to us and our neighbors experiencing homelessness.

If you have questions or concerns contact Sheree, Volunteer Coordinator, at 203-401- 4400 x138 or sdimario@columbushouse.org
